Class of 2011

Headmaster's Address

Mr. Weekes

Dear Media Communications Technology High School Class of 2011,

Congratulations Class of 2011! I'm so proud of you. It has been a pleasure to get to know each of you. The memories of the past four years will stay in our hearts. We have worked hard to give you the tools for success needed for the 21st century.

One such skill that I hope you have gained is the ability to analyze and compare historical and current events. There are lessons from the past that we can learn from to help us understand the changes of today.

In 1993, singer Vanessa Williams recorded the song called "Save The Best For Last". The chorus says:

Sometimes the snow comes down in June,
Sometimes the sun goes 'round the moon,
Just when I thought our chance had passed,
You go and save the best for last.

This song is most fitting given our present journey. For us, June brings the joy of graduation and the sadness caused by the official closing of Media. History will record you as the last official graduating class from Media Communications Technology High School. However, this graduation is not an end; it's our best chance for a new beginning. It is an opportunity for you to forge a new chapter in your life.

Starting the day after graduation, you will no longer be bussed to school. Instead you will be the owner of a bus company called "you." Where it will take you depends solely upon you. However, if I know you like I think I do, you will probably remodel the vehicle and make them some of the most unique ones on the road! I know the class of 2011 is a group of creative, innovative, opinionated, inspirational individuals. I wish you all success as you navigate your bright future and meet all the opportunities that are waiting for you.

Thank you! Good Luck!!!

Rudolph "Rudy" Weekes

THE JOURNEY

Long years, long days but we never quit.
We all wanted to leave, we we're sick of sitting.
Four years of stress but it paid off.
Heard many encouraging words
"Never give up! Stay strong".
The first year was a breeze
but some took it as a joke.
Summer school was not a game.
It was to let us know: if you fail there are many consequences.
We learn from our mistakes, looking at our goals.
We have to achieve them.
Some want to be artists, others want to be engineers, ballplayers, and rappers. Now our time is near!
Stressing about college, trying to save up off of minimum wage,
but it will soon pay off in a few months and a few days.
Senioritis was a virus that was a myth to us.
We didn't believe it but the past seniors laughed and pictured us.
It was the stress that made some do negative things to capture the positive
but everything paid off, we shined brightly. That's just how it is.

From prom to graduation,
there were many trials and tribulations
Senior Class of 2011
WE FINALLY MADE IT!
